SLX SERIES TREE SHEARS

MORE POWER

- Stronger cutting performance with twin shear cylinders providing less deflection and longer life in all applications. Increased service life and 2x the shearing power compared to single shear designs.

MORE FLEXIBLE

- Quickly adapt to Excavators or Skid Steer Loaders in minutes. Side trim with the 180 degree rotation system. Ideal for county highway departments and land clearing operations.

BETTER FEATURES

- 3 capacities, bolt on cover plates, chrome plated pivot pins, replaceable AR400 cutting knives, quick change machine adapters, hi strength grapple arms and integrated valves provide more safety and efficiency.

OPTIONS

- 12/24v electro-hydraulic kit for secondary functions if machines is not equipped with 2 circuits.
- 180° Excavator rotator for side trimming applications and tree positioning.
- Single buncher arm capable of bunching multi-stems in plantation thinning.

Model No.	Description	Max Cut Capacity Diameter	Excavator Size	Skid Loader Op Capacity	Weight with Excavator adapter installed	Weight without Excavator adapter installed
DX-TS-FG-SLX10	Tree Shear - SLX Series Forestry Grapple	10 inch	8T	1100kg	703kg	590kg
DX-TS-FG-SLX14	Tree Shear - SLX Series Forestry Grapple	14 inch	14T	1450kg	1300kg	1135kg
DX-TS-FG-SLX16	Tree Shear - SLX Series Forestry Grapple	16 inch	16T	n/a	1390kg	1225kg

Models feature bolt on top assembly with pins provided.
Excavator requires 1x bi-directional hydraulic circuit. Lines to machine not provided from bulkhead.

ROTATES	DX-TS-FGT-SLX10	Tree Shear - SLX Series Forestry Grapple - 180°	10 inch	8T	1135kg	840kg	590kg
	DX-TS-FGT-SLX14	Tree Shear - SLX Series Forestry Grapple - 180°	14 inch	14T	1450kg	1500kg	1135kg
	DX-TS-FGT-SLX16	Tree Shear - SLX Series Forestry Grapple - 180°	16 inch	16T	n/a	1590kg	1225kg

Models feature bolt on top assembly with pins provided.
Excavator requires 2x bi-directional hydraulic circuit. Lines to machine not provided from bulkhead.
Optional 12/24v electro hydraulic diverter valve kits are available upon request but not provided as standard offering.
